Osun State University, Osogbo, Osun State [2019 - 2023] B.Sc. Computer Science

University of Ibadan, Ibadan, Oyo State [2025 - 2026] MSc. Computer Science (Artificial Intelligence)

TECHNICAL SKILLS

- **Front-End Development**
 - HTML, CSS, JavaScript, TypeScript, React.js
- **Back-End Development**
 - PHP, Python, C, Java, Dart
- **Database Management**
 - MySQL, PostgreSQL
- **REST API**
 - Design and Integration
- **Version Control**
 - Git and GitHub
- **AI & Machine Learning**
 - Python, Scikit-learn, TensorFlows
- Software Testing and Debugging
- AI and Software Security Fundamentals
- Project Management Methods (Agile, Scrum)

SOFT SKILLS

- Leadership and Team Coordination
- Strong Communication and Presentation Skills
- Analytical and Problem-Solving Abilities
- Critical Thinking and Decision Making
- Time Management and Task Prioritization
- Adaptability and Continuous Learning
- Collaboration and Teamwork
- Creativity and Innovation
- Customer-Centric Thinking
- Initiative and Pro-activeness
- Attention to Detail
- Emotional Intelligence
- Project Management and Execution
- Conflict Resolution and Mediation

WORK EXPERIENCE

Squawkings Aviation Software Limited, Ikeja, Lagos State

March, 2025 – September, 2025

Backend Developer

- Designed and implemented scalable backend architecture for aviation management systems using PHP.
- Developed and maintained RESTful APIs to handle aircraft operations, maintenance scheduling, and flight data management.
- Built secure authentication and authorization modules to manage user roles (commercial, tower, GH operators, etc).
- Optimized database queries and designed relational schemas using MySQL, improving data retrieval speed by 25%+.
- Collaborated with frontend developers to ensure seamless communication between server and client-side interfaces.
- Implemented data validation and error-handling layers, reducing API failure rates and improving system reliability.

Tixvnt Technologies Limited, Ikeja, Lagos State

February, 2024 – Present

Full Stack Developer

- Designed, developed, and deployed Tixvnt, a digital event ticketing platform enabling seamless event creation, online ticket sales, QR-code validation, withdrawals, and attendee engagement.
- Managed end-to-end testing, debugging, and version control through Git and GitHub, ensuring product reliability.
- Led the design and implementation of 30+ new features after the version 1 launch.
- Built its own blog which includes a live AI blog-reader that allows users to listen to the entire blog content with the click of a button. I also built blog-management tools for admins to create, update and delete blogs.

Mira Technologies, Ikeja, Lagos State

May, 2022 – December 2022

Junior Front-End Developer Intern

- Built responsive user interfaces for the Company's clients projects in Aviation, Healthcare management, and Financial industries.
- Integrated and consumed backend APIs to display dynamic data, ensuring seamless interactions between front-end and backend systems.
- Collaborated with backend developers to debug API-related issues, optimize API request handling, and improve data rendering on the front-end.
- Ensured cross-browser compatibility and mobile responsiveness, ensuring consistent user experience across various devices.

VOLUNTEERING EXPERIENCE

President, ICT CDS Group, Agege, Lagos State 2024 – 2025

- Led and coordinated over 80 corps members in executing ICT-focused community development projects
- Organized digital literacy training sessions for students, teachers, and community members, enhancing their understanding of basic computing, internet use, and online safety.
- Conducted workshops on Microsoft Office, AI tools, internet use and online safety
- Fostered teamwork, accountability, and innovation among group members through regular strategy meetings and project planning sessions

AWARDS & RECOGNITION

- **Best Graduating Student Award of the Faculty of Computing, Class of 2023** (September, 2023)
- **Certificate of Excellence as the Software Director, NACOS, Osun State University Chapter** (September, 2023)
- **Certificate of Excellence as the ICT CDS President, NYSC Agege LG Batch 24A2** (March, 2025)
- **Certificate of Participation Data Science Africa, Ibadan** (June, 2025)
